Visās ES valodās!

The graphic features a group of six diverse people (three men and three women) of various ages and ethnicities. They are holding large, colorful icons representing different subjects: a backpack, a globe, a book, a pencil, a laptop, and a lightbulb. The background is light blue with various educational icons like a rocket, a pencil, a book, a heart, and a flask. The text is in Latvian, promoting learning in all EU languages.

Praktiska pieredze,  
iekļaujot Eiropas tematiku  
mācību procesā.
